The new generation of single-handed performance racing cats brings you the Hobie FX One. With its wave-piercing hulls, the FX One is quickly gaining worldwide recognition as a racing cat to be reckoned with. Imported from Hobie Cat Europe, the FX One shares common components with the Hobie Tiger and Hobie Fox, resulting in a strong but fast cat on and off the wind. Ample hull floatation means room to bring a friend on board. Add the optional jib to uni-rig for recreational sailing for two. Other options include a spinnaker, snuffer kit and sport wings.
